

Game Field Fee Policies

As a policy, Northern Utah United will cover the field fee for games up to \$20 per game.

Field Fee payment

If you choose to use a grass field that is a public municipality for the school district, NUU will pay the appropriate entity. If you choose to play on turf or a field that exceeds field fee you are responsible to pay for the field and file for reimbursement from NUU by using the field reimbursement form. (do we create a form).

Suggestions for a better team experience include:

If you plan to have your games at a field that exceeds the field fee reimbursement, you must disclose to the team of the fee, prior to your first game being held.

****Practice fees will not be covered.**
